

Orb-3 pool & spa

Reduce chemical usage while producing silky results naturally, with Orb-3 Spa Enzymes

Effective on scum lines

Reduces maintenance

Eliminates chemical odors

Reduces skin and eye irritation

Naturally washes away algae and slime

Leaves water feeling silky soft

Orb-3 Spa Enzymes are created to safely and naturally biodegrade organic material, reduce commercial and residential spa maintenance and produce naturally cleaner spa water.

The natural enzymes contained in Orb-3 Spa Enzymes aid in the digestion of body oils, lotions, cosmetics and other organics.

Orb-3 Spa Enzymes enhance waters ability to safely remove the organic material which often causes problems with water clarity, algae and slime growth.

Safe to use with other spa treatment chemicals, Orb-3 Spa Enzymes helps stabilize pH, cleans spa filters and reduces spa water upsets.

Spa Enzymes

Residential Application Rates

Maintenance: Add 1 – 2 ounces per 500 gallons of spa water capacity weekly.

Open, close or upset: Add 2 – 4 ounces per 500 gallons of water capacity

Commercial Application Rates

Maintenance: Add 2 – 4 ounces per 500 gallons of spa water capacity weekly.

Open, close or upset: Add 4 – 8 ounces per 500 gallons of water capacity

For Optimum Results

For heavier than normal bather loading, double the weekly dose

Normal use of spa sanitizer routines have no adverse affect on any Orb-3 product

Mix the recommended dosage with a bucket of spa water and evenly apply around the spa surface

Apply when water temperature is 50°– 110°F and pH and alkalinity are at recommended levels

Technical Specs

In Use pH Range Neutral
Solubility in Water Soluble
Odor Mild
Appearance..... Light amber liquid
