

Our machine- friendly antifoam

Industrial-grade
e_z Clean Antifoam
wipes out foam in
an instant

e_z Clean Antifoam reliably knocks foam down quickly and makes this type of cleaning inconvenience easy to manage.

e_z Clean Antifoam is a safe, water-based emulsion that provides long-lasting defoaming persistence in a variety of aqueous applications. The active ingredients lower interfacial surface tension in a water body to deflate the gas dispersed in it — it simply makes foam go flat.

By choosing environmentally responsible **e_z Clean Antifoam** you can feel secure about using it every time you see a hint of foam.

- Fast acting formula
- Eco-friendly
- Food-grade ingredients are used in sanitary areas and food processing
- Safe for regular use
- Add to carpet cleaning extraction recovery tanks
- Utilized by jan-san professionals

Usage Recommendations

Application Rate

Carpet cleaning extraction machine: ½ – 1 ounce per 5 gallons of recovery tank capacity

For Optimum Results

- Use pre-diluted product immediately.
- Wait 5 full minutes or until product has been thoroughly distributed into the tank.
- For persistent foam, add an additional ½ of the recommended amount and wait another 5 minutes.

Technical Specs

pH Range: 6.0–8.5
Odor: Mild
Appearance: Milky, off-white emulsion

Packaging, Handling and Storage

Size	Pkg	Dimensions (LxWxH)	Weight
Quart	12/cs	14" x 10" x 10"	29 lbs
1-gal	4/cs	15" x 10" x 10"	39 lbs
5-gal	pail	12" x 10" x 15"	48 lbs
55-gal	drum	24" dia. x 36" H	475 lbs

Store this product out of direct sunlight in a cool dry area. For best results, use within 6 months. Refrigeration can increase shelf-life. Request an **e_z Clean Antifoam MSDS** for more specific information.
